

Electronics Conduct Agreement

Newton Christian School has decided to implement an *Electronic Conduct Agreement*. This agreement is between the Staff, Students, and Parents. In order to create an environment that is fair to all, it has been decided that electronics will be allowed in the school, however are to be turned off and stored in the student's locker. We understand in this day and age that cell phones have become more necessary, and feel we can trust our students to have them on the premises as long as they are following the guidelines.

Electronic devices may be defined as music/audio players, handheld computer games, mobile phones, cameras, audio/video recorders, MP3 players, and iPods.

Student

All electronic devices are to be turned off and stored in the student's locker during the school day. This includes between classes, recesses, and lunch.

Students who fail to comply with these expectations will have their electronics confiscated by a staff member and a parent/guardian will be required to pick them up from the office.

I, the student, have read the rules of conduct. I agree to abide by the stated personal limitations and code of conduct.
